Re: July Monthly Report (6/01/00 - 6/30/00)

Dear Mr. Ciaraldi

In response to your letter dated November 8, 2000. I am amending the Schedule H3 to correct the transfer from the RNSEC Administrative Account. The transfer total listed on Schedule H3 will not equal the total transfer listed on Schedule I, because this is made up of transfers from different RNSEC Accounts. This amount also includes the in-kind transfers. We are also amending this report to show the in-kind contributions on the RNSEC Schedule B Line 5A.

The disbursements with the description consulting are just that. The RNC uses various consultants, political, finance, communication, etc. I am amending the proper pages to correct the descriptions.

On our Schedule H2 and H4 we will be disclosing administrative and fundraising activities sometimes as 100% federal and 100% nonfederal along with shared active. In preparing for a fundraising event at issue, the RNC anticipates that funds would be deposited into both its federal and non-federal accounts, treating the fund-raiser as a joint federal/nonfederal event. As a result, it estimates the federal as well as the nonfederal share of cost. It is only after the final tally of receipts at the end of the month that it becomes apparent that the proceeds are either 100% federal or 100% nonfederal. The event K6 was just one of those fund-raiser. The date of this fund-raiser is June 1, 2000 through June 30, 2000. As for the expenses that are listed as 100% nonfederal, these are redistricting expenses.

In reviewing our report I do not find any transfers outside the permissible transfer period. We have voided prior period check in this period. I have reflected these voids properly and since they occurred in June we have reduced the amount of June's transfer by those amounts.

If you need any additional information or further clarification, please feel free to contact me at 202-863-8755.

Sincerely,

Pat Huyck
